

ELEVATE LABS

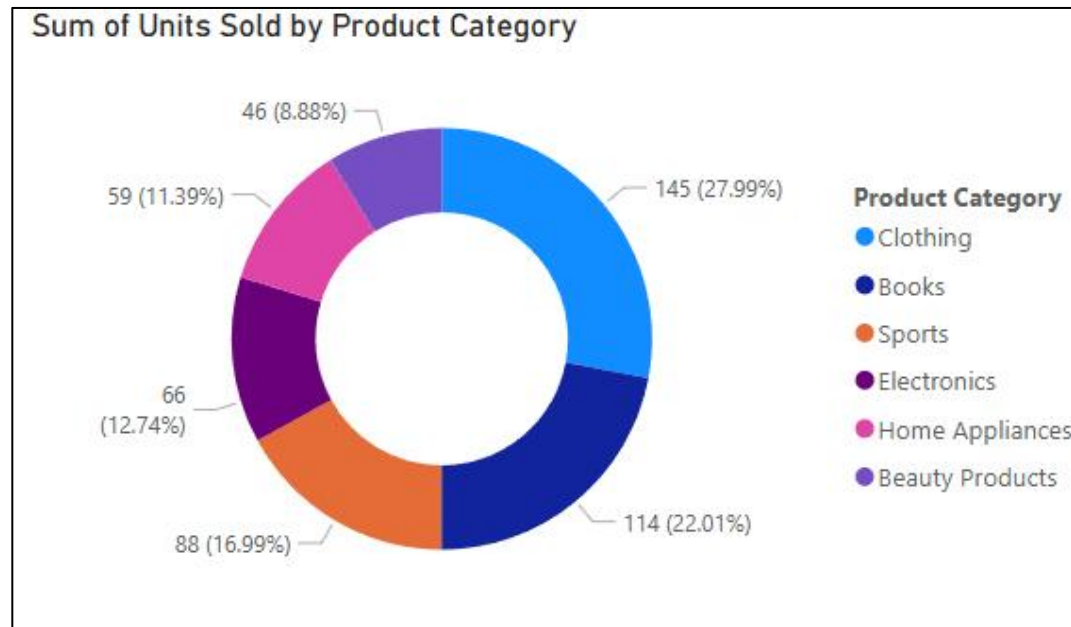

TASK - 8

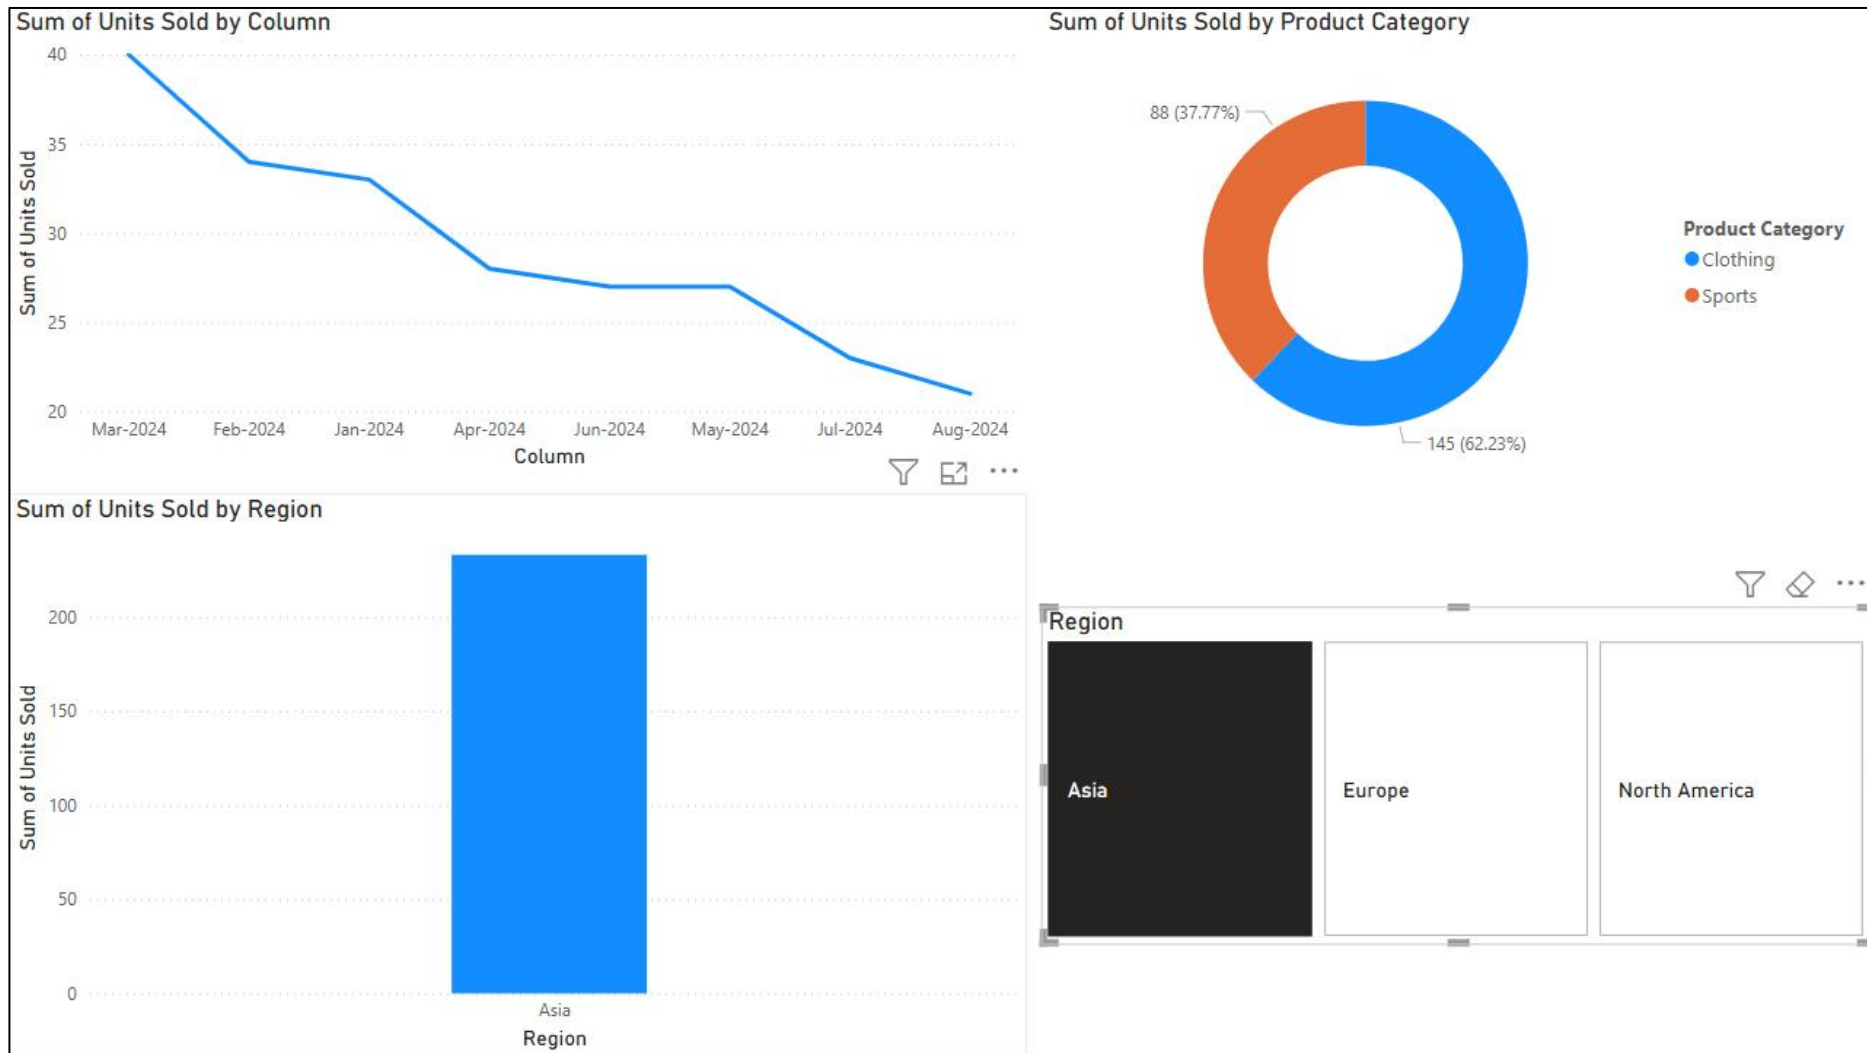

From the given figure, we can observe that sales declined from March 2024 to August 2024.

From the given figure, we can observe that Asia had the most sales (200 to 250 units sold in total), followed by North America (150 to 200 units), and Europe (100 to 120 units)

From the given figure, we can observe that clothings and books had the most sales, followed by sports, electronics, home appliances and beauty products.

From the given figure, we can observe that 200-250 units were sold in Asia, most of which were clothing. Starting from March-2024, the sales gradually declined by August-2024
